Boys' Vests, Russian, and Plain Boys' Suits, in serge cassimers, and chevrons; sizes 7 to 16; double-breasted style; positive \$2.25

FURTHER GAINS IN PRICES

The Upward Movement in Stocks Still Unchecked.

Union Pacific Sells Up to 110, Though Nothing Definite Accounts for the Boom—Baltimore and Ohio, Southern Pacific, and St. Paul Buoyant.

NEW YORK, April 25.—The Stock Market opened under the same general influence which prevailed at the close of business yesterday, and the tremendous momentum that the market then possessed was reflected in a further advance today.

The transactions in Union Pacific, as might have been expected, were in simply enormous volume, and the initial prices were quoted over a range of 12 1/2 per cent.

It was said at the time that the advance was due to the fact that the market was accounting for yesterday's enormous speculation came to light this morning.

Other substantial advances were scored in Baltimore and Ohio, Southern Pacific, and notably St. Paul. The advances in the general market averaged about one-half of a point. Active interest was almost wholly confined to the railway list, and the movements elsewhere did not excite much attention.

Amalgamated Copper, while exceedingly active, moved with minor interest. The dealings in the industrial group were active, only in the case of the United States Steel stocks, which were firm.

London furnished a much higher range of prices for American stocks, the only exception being Union Pacific. On the opening of business foreign houses were active on the side of the market, being large sellers of Union Pacific and buyers elsewhere. The dealings continued in enormous volume, and broadly speaking, the trading followed the same general and technical lines that have prevailed throughout this week.

NEW YORK STOCK MARKET.
